

EXPERTS IN AIR
DRYERS & VENTILATORS

Welcome!

B-Air Dryers answer the needs for the animal and agriculture industries from safety, design and function. We have several models to choose from for specific applications to dry animals and ventilate buildings with efficiency and ease.

In order to maintain the highest quality, B-Air Dryers are manufactured in our state-of-the-art facilities.

For your added safety, B-Air Dryers are either CE, C-UL-US Certified or C-ETL-US Listed depending on the model.

We are committed, and understand the needs and requirements of the grooming, veterinarian, kennel, equine, large animal, agriculture and consumer markets, and are always striving to further develop products to aid in drying and ventilating needs.

Big Bear BB-1

- 3/4 HP
- Powerful 5080 CFM
- Low 5.8 Amps
- Full 360 Degree Positioning
- 2 Speeds
- Built-in Wheels
- 25 Ft Cord Wrap Assembly
- 5 Year Limited Warranty

The B-Air BIG BEAR Dryer (#BB-1) is an extremely versatile air mover. Its powerful $\frac{3}{4}$ HP motor and the full 360 degree angle positioning capability make it adaptable to just about any drying and ventilation application. The powerful BIG BEAR has a choice of two speeds, and has the lowest rated decibels in its class! This dryer/air mover can be used both indoors and outdoors.

The unique stable 4-point base design is very secure, allowing you to adapt to any of the various angles you might need to use. This allows you to position the fan to ventilate or dry any specific environment with maximum ease.

GRIZZLY GP-1

- 1 HP
- Powerful 3550 CFM
- Low 9.8 Amps
- C-UL-US Approved
- 3-Speed / 4 Positions
- Safety Locks to Lock DRYING DUCT KIT (DDK)
- 25 Ft Cord
- Safety Green or Black
- 5 Year Limited Warranty

The B-Air C-UL-US Approved GRIZZLY Dryers (#GP-1-C-UL-US) and the B-Air GRIZZLY Dryers (#GP-1) come in a 1HP Motor with 3 Speeds and 4 Positions, including a swing-out kickstand. The GRIZZLY Dryers are designed for drying animals quickly and efficiently with non heated powerful airflow. They can be used with or without the DEN DRYING KIT (#DDK) to cater individual or multiple cage drying needs.

Specifications

GRIZZLY GP-33

- 1/3 HP
- Powerful 2700 CFM.
- Low 3.65 Amps.
- 3 Speed / 4 Position
- Daisy Chain capability
- Swing out kickstand
- Safety Locks to Lock DRYING DUCT KIT (#DDK)
- 25 Ft Cord
- 5 Year Limited Warranty

This smaller, more compact 1/3HP GRIZZLY still delivers a powerful airflow to dry animals quickly and efficiently, however, it only uses 3.65 amps of electricity to operate on it's highest speed. A great efficient dryer to dry animals, floors, and circulate air in hot areas. Great for indoor and outdoor applications.

Optional GP Filters: B-Air has developed optional filters for the GP-1 & GP-33 dryers that easily snap on to the air intakes to eliminate animal hair, dirt and debris being drawn into the dryers.

Grizzly Filter #GP-1-FF

Bear Power 1

- Powerful 115V motor
- Strong 30,000 fpm
- 2 Speed
- High impact ABS construction
- Six (6) foot hose with (3) interchangeable nozzles
- C-ETL-US Approved
- Insulated for quiet operation
- Light weight (7.8 lbs)
- Washable filter
- 1 Year Warranty

This small, compact but powerful dryer blows water, dirt, debris and undercoat quickly and efficiently off of pets. Can break apart matted coats making it easier to brush.

Dries pets with warm air after bathing. Helps remove pet hair from furniture and rugs. A must for every home with a pet.

Replacement Filter Packs
#BPD-MFF

Specifications

Model	BPD-1
Voltage	115V
Cycle	60Hz
Max Air Volume	165CFM
Amps	7.4A
Unit Size (LxWxH)	12"x 9"x 9.5"
Motor	2HP
Attached Cord (14 G)	10'
Speeds	2

BEAR POWER II

- Powerful Double Motors
- Strong 40,000 fpm
- Variable Speed control
- C-ETL-US Approved
- 10 foot hose with (3) interchangeable nozzles
- Insulated for quiet operation
- Light weight (14 Lbs)
- Washable filter
- 1 Year Warranty

The QUIET BEAR POWER II has dual motors that deliver powerful warm airflow to dry, fluff, and blow off dirt and debris on small and large animals. Yet, the variable speed control allows the dryer to offer a warm gentle soft airflow for sensitive animals as well as a strong forceful airflow for heavier applications.

The BEAR POWER II is equipped with features that address the everyday needs of groomers and show exhibitors alike.

Cub CP-1

- 1/4 HP
- 2.3 Amps
- 375 CFM
- 11 LBS
- 6 Ft Cord
- Easy to Carry Handle
- Quiet operation
- 5 Year Limited Warranty

The "CUB" #CP-1 B-Air Dryer is one of the most versatile and powerful single cage dryers on the market today. It is a non-heat dryer designed for fast pet drying. The B-Air CUB's flexibility comes from its ability to be positioned in 3 different angles. Other features include a durable rust resistant roto-molded plastic that is light-weight and easy to maintain plus a completely enclosed motor that does not allow hair to build up. The CUB is quiet and powerful, yet small and compact. Great for mobile groomers, dog show exhibitors, kennels and vets, also gentle enough for cats and puppies. Accessories include filters and CDK kit extensions for easier cage drying.

Optional Cub CP-1 Filter: B-Air has developed an optional filter for CP-1 that easily snaps on to the air intake to virtually eliminate pet hair, dirt and debris being drawn into the dryer.
